Some desire to tour the country in full-blown luxury. Others seek diesel pusher practicality for family travel. That’s why, for 2010, we present the Journey and Journey Express. The Journey is built on the extraordinary Maxum™ chassis with its 360-hp, 32,350-lb. GVWR and an incredible amount of storage space. The Journey Express comes on a 27,910-lb. GVWR Freightliner® XCS chassis that offers both exceptional performance and value. Both the Journey and Journey Express offer SmartSpace™ features that make the most of the available space. Make your next adventure more memorable in a Winnebago Journey or Journey Express.
Any Way You Want It

Your Journey or Journey Express provides a welcoming atmosphere with accent rope lighting and your choice of Honey Cherry, Belmont Maple, the new Forest Cherry or the new Coffee-Glazed Sierra Maple cabinetry. Day/night pleated shades or the available duo roller shades (Journey only) offer multiple degrees of light and privacy. For added thermal efficiency, dual-glazed, thermo-insulated windows provide optimal climate control.

Enjoy a movie on the LCD HDTV and home theater sound system with CD/DVD player and 5.1 surround sound. The Journey Express 39N and Journey 40L and 40T also include the option of a second LCD HDTV in the front overhead cabinets for full viewing pleasure even when the slideroom is retracted. An inverter comes standard so you can enjoy your entertainment options without shoreline or generator power.

You’ll also have plenty of options for stretching out, including the Rest Easy® sofa or the available Rest Easy theater seating with twin recliners that convert into beds (Journey only).

Living Room Enjoy all the comforts of home in the Journey’s large living area. Both the front and bedroom TVs come pre-wired for the available King-Dome® satellite system with dual LNBs that can receive satellite channels for two separate receivers.*

* Receivers not included. Not available in Canada.

Theater Seating Available Rest Easy theater seating in the Journey features matching recliners with a handy center console. The recliners easily convert into twin beds.

Roller Shades The available duo roller shades (Journey only) look sharp and incorporate both a sun shade and a privacy shade.
**Spacious**

The galley provides plenty of room to prepare a quick snack or an elegant meal with beautiful Corian® countertops and matching sink and range covers that increase your countertop space. The Amana® range top comes with three sealed burners while the 30" microwave/convection oven (optional on Journey Express) offers advanced cooking flexibility.

Bountiful food storage can be found in the pullout pantry (NA 40L) with adjustable shelving and a large four-door refrigerator/freezer. Dine in style at the BenchMark® dinette, the available dining table/buffet (34Y, 40L and 40T), or the free-standing dining table and chairs (39N, 40L and 40T).

**Drawers** Sized for maximum storage, the kitchen drawers hold tight with positive latches and open on full-extension slides for easy access.

**BenchMark** The BenchMark full-comfort dinette converts into a bed, conceals additional storage under the seats and features the Dream Dinette™ table that allows you to adjust the table height quickly and easily.
Pick Your Bed

Several bed options ensure a restful night at every stop. The standard queen bed can be upgraded to a king or queen Ideal Rest® body-conforming mattress that molds to your body for perfect support. The Journey 40L and 40T offer a Sleep Number® Bed by Select Comfort™ for those that want adjustable firmness on each side of the bed. An electric adjustable bed is also available on the 39N, allowing you to sit up to watch TV or read a book. It’s fun to travel with kids in the Journey Express 39N with bunk beds that easily convert into a second wardrobe. It only adds to the plentiful storage in the spacious and luxurious bedroom.

Shower

The spacious shower features a shower seat (40L and 40T) and elegant textured doors. The showerhead has five settings and detaches for added convenience.

TV/Stereo

The 26” LCD HDTV is positioned for optimal viewing and the available stereo system with a CD/DVD player lets you drift off to sleep with your favorite music.

Washer/Dryer

Add the washer/dryer and enjoy the convenience of fresh laundry without the laundromat.
**Just Drive**

The ergonomic dash is designed for driving comfort and features a tilt/telescope steering wheel that adjusts to your ideal driving position. A powered front shade with light-filtering and black-out shades provides protection from the sun (standard Journey, available Journey Express).

The rearview monitor system and power mirrors with defrost come standard. You can also add a sideview camera system. It works in conjunction with the rearview monitor and activates with the turn signals for added peace of mind when backing and turning. Use the auxiliary lamps to guide your campground maneuvers at night.

The AM/FM RV Radio® includes a CD player, weather band and an iPod interface connector. Upgrade to the available Sirius® satellite radio package for over 120 digital channels and a complimentary 6-month subscription.

**KeyOne**
The KeyOne™ system uses a single key to open the entrance, storage compartment and fuel-fill doors. For added convenience, lock and unlock the entrance door with the keyless remote.

**GPS**
Stay on course with turn-by-turn voice guidance from the available Garmin® GPS. A large touch screen and a remote control make this an invaluable navigation tool in unfamiliar areas.

**Cab Seats**
The six-way power adjustment capability of the Journey’s driver seat is available for the Journey Express and for the Journey’s passenger seat. A footrest lets the passenger stretch out and relax. Both seats come in soft UltraLeather™ with adjustable lumbar support and rotate to add flexibility to the living space.
Enjoy Your Travels

Everybody loves the look of full-body paint and the view from the one-piece windshield, which both come standard on every Journey and Journey Express. You can add a lower front protective mask that resists the damage that can occur over time from road debris. A standard electric patio awning (optional on the Journey Express) is perfect for sunny afternoon relaxation.

Connecting at the campground could not be easier. A complete service center with color-coded labels and the QuickPort® service connection hatch makes hookups a snap. You’ll also enjoy the full-coach water filtration system and the standard exterior wash station for quick clean-ups. The QuickConnect® coupling valve (NA Journey Express) ensures fast, clean connections to the dump site and a winterization package allows for hassle-free cold-weather storage.

Power Dry camp longer thanks to the added capacity provided by four deep-reserve Group 31 batteries (Journey only, two batteries on Journey Express).

- **OnePlace®** Frequently used switches, gauges and controls can all be found in the OnePlace® systems center.

- **PowerLine®** This energy management system monitors electrical usage and automatically cycles appliances on and off to prevent tripped campground circuit breakers.

- **TrueAir®** The Coleman®-Mach® cooling unit is located in the basement, eliminating condensation runoff and creating a lower vehicle profile. The heat pump takes the chill off cool mornings without starting the furnace.

- **TrueLevel®** The TrueLevel holding-tank monitoring system uses sonar technology to read liquid levels from outside the tank. There are no probes to corrode or clog, just accurate readings time after time.
Storage
Large pass-through compartments with side-hinged doors let you bring more gear. The Journey gives you the added convenience of an available 90" tray that slides out on either side of the coach.

Entertainment Center
Add the exterior entertainment center to enjoy a 32" LCD TV, DVD player and AM/FM stereo.

Maxum™ Chassis
The exclusive Maxum chassis delivers an uncompromisingly smooth ride thanks to the legendary performance of Freightliner® and the advanced chassis features that cushion you from bumps in the road. You’ll also enjoy up to an unheard-of 228 cubic feet of storage as a result of the Maxum chassis’ advanced lowered-rail design. The Maxum chassis is the ultimate foundation for a new level of travel comfort.

- 32,350-lb. GVWR
- Cummins ISC 8.3L diesel engine
- Touch pad shifter
- 55° wheel cut
- Allison® 3000 MH Series 6-speed transmission
- NeWay® air suspension
- 10,000-lb. hitch
- Infinitely adjustable tilt and telescoping steering wheel

Freightliner XCS Chassis
The Freightliner XCS chassis was designed and built exclusively for this application with the smooth ride and performance you demand. The Freightliner service network is second to none with over 400 locations in the U.S. and Canada, many open 24/7.

- 27,910-lb. GVWR
- Cummins ISB 6.7L diesel engine
- Touch pad shifter
- 55° wheel cut
- Allison® 2500 MH Series 6-speed transmission
- NeWay® air suspension
- 10,000-lb. hitch
- Infinitely adjustable tilt and telescoping steering wheel

SMART STORAGE

Entertainment Center
Add the exterior entertainment center to enjoy a 32" LCD TV, DVD player and AM/FM stereo.
Floorplans & Specifications

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at GoWinnebago.com.

† Available with single or dual controls. Dual control option includes only two seat belts.
**Freightliner® XCS Chassis (Journey Express 34Y & 39N)**

340-hp Cummins® ISB 6.7L turbo-charged diesel engine
- Rear radiator
- Allison® 6-speed electronic 2500 MH transmission
- NeWay® front and rear air suspension
- 160-amp. alternator
- Air brakes w/ABS
- Engine exhaust brake
- Quick connect air connection w/manual shut off
- Automatic hydraulic leveling jacks
- 7-pin trailer wiring
- Trailer Hitch: 12,000-lb. drawbar/5,000-lbs. maximum
- Vertical tongue weight
- Stainless steel wheel liners

**Freightliner Maxum™ Chassis (Journey 40L & 40T)**

360-hp Cummins® ISC 8.3L turbo-charged diesel engine
- Rear radiator
- Allison® 6-speed electronic 3000 MH transmission
- NeWay front and rear air suspension
- 160-amp. alternator
- Air brakes w/ABS
- Engine exhaust brake
- Quick connect air connection w/manual shut off
- Automatic hydraulic leveling jacks
- 7-pin trailer wiring
- Trailer Hitch: 18,000-lb. drawbar/5,000-lbs. maximum
- Vertical tongue weight
- Stylized aluminum wheels

**Cab Conveniences**

Cab Seats: armrests, lumbar support and multi-adjustable slide/ recline/ swivel
- Power driver seat (40L, 40T)
- Power passenger seat (40L, 40T)
- RV Radiado™ AM/FM stereo, CD, weather band, iPod/iPhone input and 2 remotes
- Cruise control
- 12-volt powerpoints
- Powered step-well cover
- Powered front shade w/solar/blackout (40L, 40T)
- Sunvisors (34Y, 39N)
- Defroster fans
- Driver and passenger-side shade w/solar/blackout (40L, 40T)
- Chassis/house battery power radio switch
- Power mirrors w/defroster
- Front wraparound curtain (34Y, 39N)
- Power steering/w/tilt wheel
- Map lights
- Power door lock w/remotes
- Rearview Monitor system: black/white monitor w/single camera and one-way audio
- C.B. wire prep
- Slider cab windows w/screen

**Optional Equipment**

- Entertainment Center: 32” LCD TV, AM/FM stereo, speakers, DVD player w/remote, radio antenna
- Folding step ladder
- Electric entrance awning
- Lower front protective mask
- Slideout compartment tray
- Electric patio awning w/wind sensor

**Heating & Cooling System**

TrueAir® residential central air conditioning w/heat pump
- 40,000 BTU furnace w/2-stage blower (34Y, 39N)
- 35,000 BTU primary furnace (40L, 40T)
- 20,000 BTU secondary furnace (40L, 40T)

**Optional Equipment**

- Entertainment Center: 32” LCD TV, AM/FM stereo, speakers, DVD player w/remote, radio antenna
- Folding step ladder
- Electric entrance awning
- Lower front protective mask
- Slideout compartment tray
- Electric patio awning w/wind sensor

**Electrical System w/QuickPort®**

Service Center: lighted, cable input, power cord, shoreline/ generator automatic changeover switch, portable satellite hook-up
- 50-amp. power cord
- 80-amp. converter charger (34Y, 39N)
- 2,000-watt inverter/charger w/remote panel (40L, 40T)
- 1,000-watt charger w/remote panel (34Y, 39N)
- 8,000-watt Cummins Onan® Quiet Diesel® generator (40L, 40T)
- 6,000-watt Cummins Onan Quiet Diesel® generator (34Y, 39N)

**Optional Equipment**

- King or queen Sleep Number® bed
- Stereo System: AM/FM stereo, CD/DVD player, alarm clock, iPod/iPhone input, headphone jack, speakers
- King bed w/nerspring mattress

**Warranty**

- 2 Deep-cycle Group 31 marine/RV batteries (34Y, 39N)
- Battery disconnect system (coach and chassis)
- PowerLine® energy management system
- Automatic dual-battery charge control
- Solar panel battery charger
- Chassis battery charger/maintainer
- 8,000-watt Cummins Onan Quiet Diesel generator

**Plumbing System w/QuickPort & QuickConnect®**

Service Center: pressurized city water hookup/w/detector fill, fresh water drain, drainage valves, exterior wash station w/pump switch, holding tank flushing system, 30’ sewer hose, QuickPort, QuickConnect (journey only), lights
- On-demand water pump
- 10-gallon water heater w/motorized
- TrueLevel® holding tank monitoring system
- Winterization Package: water heater bypass valve and siphon tube
- Full-coach water filtration system
- LP tank w/gauge
- LP remote fill (34Y)
- Heated holding-tank compartment

**Safety**

- Seat belts
- Child seat tether anchor (dinette)
- LP, smoke and carbon monoxide detectors
- 10 BC fire extinguisher
- Ground fault interrupter
- Fog lamps
- High-mount brake lamps

**Warranty**

- 12-month/15,000-mile basic warranty
- 12-month/36,000-mile limited warranty on structure
- 10-year limited parts-and-labor warranty on roof skin
- Optional Equipment
  - Cummins Onan Energy Command® automatic generator start system

---

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle will vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Journey and Journey Express floorplans feature a wide-body design—over 96". In making your purchase decision, you should be aware that some states restrict access on or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
4. Capacities are based on measurements prior to tank installation. Sight gauge capacities can result due to installation applications.
5. Capacities shown are tank manufacturer’s listed water capacity (WC). Actual filled LP capacity is 80% of listing due to overflowing prevention device on tank.
6. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GCWR and GADW as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.
9. Not all items available in combination. See dealer for details.
10. Winnebago Industries’ continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
Choose from three fabric collections and four cabinet wood choices, all with hidden hinges.

The Legacy Rolls On

For more than fifty years, Winnebago Industries® has been creating the RVs and motor homes that have enabled people to live their dreams, see the country, visit friends and enjoy more time together as a family. The Journey® and Journey Express continue the Winnebago legacy of combining innovations, features and quality in a coach you’ll be proud to call home.

Built by Winnebago Industries. Built to last.

Winnebago motor homes are built by Winnebago Industries, the company that defined motor homes. The company that built its reputation on quality construction. The company that transformed the motor home concept into a way of life.

Today, Winnebago Industries brings that reputation for quality and more than fifty years of RV innovation to the design and construction of every motor home. It's all a part of SuperStructure®, our exclusive system of proprietary structural components that instills in each motor home improved strength and durability.

Solid Foundation Steel and aluminum truss work provides a solid, flat foundation for the floor and sidewalls. Our engineers enhance the handling and stability by taking special care to properly distribute the weight of all components.

Interlocking Joints The floor, sidewalls and roof are all integrally connected using interlocking joints. This ensures the entire body is a cohesive unit with maximum strength and durability.

Strong as Steel Key appliances and cabinetry are secured to a metal substructure for added stability and safety.

Coating Winnebago Industries employs an automotive-style dip tank process to apply an advanced, electrodeposition coating on critical steel components for corrosion protection.

Thermo-Panel® Sidewalls Invented by Winnebago Industries, Thermo-Panel construction combines a fiberglass panel, high-density block foam insulation and aluminum support structures to create some of the most long-lasting, lightweight sidewalls in the industry.

Attention to Detail Whether it's sending every coach through a high-pressure water tunnel to check for leaks or labeling individual wires and barcoding parts to save time and frustration during service, Winnebago Industries considers every detail to ensure your Winnebago motor home provides you with years of pleasure.

Fiberglass Roof The Journey and Journey Express both feature a crowned, one-piece fiberglass roof, backed with a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength, attractiveness and durability over the rubber roofs found on many competitive models which can chalk, streak and degrade over time. fiberglass also provides increased puncture and tear resistance.

Take a Tour We’re proud of our process, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa for a first-hand look at the dedication and technology behind every motor home we build.

Recognized Quality The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

Committed to Service We back our motor homes with the industry’s best service after the sale:

- 12-month/15,000-mile basic limited warranty
- 36-month/65,000-mile warranty on structure
- 10-year standard limited parts-and-labor roof skin warranty
- Complimentary 24-hour roadside assistance program
- RV Technical Assistance Hotline
- RV Service Appointment Assistance
- Emergency Trip Interruption
- Emergency Message Service
- Nationwide Trip Routing
- Free RV Travelers Checks
- TripSaver Fast Track Parts guarantees that stock warranty parts ship directly to your dealer within 24 hours
- National dealer service network

WIT Club Winnebago owners are like family. Joining the Winnebago Owners Travelers Club is a great way to meet and travel with other Winnebago enthusiasts. Members enjoy:

- Caravans and rallies
- Local and state group activities
- RV travel benefits
