START YOUR JOURNEY WITH THE MODEL THAT STARTED IT ALL. Not only is the Allegro the first model Tiffin ever produced, it's also the most popular with first-time RV owners—and for good reason. In addition to its affordability, the Allegro surpasses the industry average in design, reliability, quality, warranty, and parts support. It also scores high with Tiffin owners on comfort, offering many cozy features and options, from a sleeper sofa and dining booth to an optional fireplace and bunk bed. Ample space inside the coach ensures nothing is left behind, while an abundance of handcrafted cabinets keep items neatly tucked away. Under-coach storage extends up to 203 cubic feet, and includes bins for luggage and traveling gear. Built to the highest safety standards, the 2013 Allegro is good to go.

## WHY BUY A TIFFIN MOTORHOME?

No one invests more time and effort into the construction and engineering of motor homes than we do at Tiffin. To ensure superior quality, we design and make many parts ourselves, such as our roof cap, one piece of moisture-resistant molded fiberglass that prevents water intrusion and seamlessly seals a 5½" layer of formed insulation. Outside wall panels are gel-coated fiberglass over high performance thermal insulation. Underfoot, the vinyl tile floor is bonded to high-impact oriented strand board, which is secured atop thermal insulation and a woven moisture barrier material. Underneath it all, every model is built on an innerframe of durable, tubular aluminum. As a new coach comes off the line, we think the result speaks for itself: There isn't a more comfortable, better-built motor home on the road today.

### 10-YEAR LIMITED FRAME WARRANTY

We warranty the frame of the walls, floors, and roof for 10 years.

### 5-YEAR LIMITED SIDEWALL BOND WARRANTY

We warranty the sidewall against delamination between the outside fiberglass and the innerframe for 5 years.
