The eco-conscious travel companion

The environmentally conscious E-trek is packed with all the luxury and functionality you could ever imagine in a motorhome. Giving you the best of both worlds, the E-trek uses diesel as its primary fuel source to provide you the comfort of heat and hot water while a 240 W solar charging system helps to offset power use to reduce your carbon emissions. Our commitment to the environment, technology and functionality in a motorhome is evident throughout the entire design of the E-trek. It's more than a vacation getaway, it's a lifestyle.

Features

- Includes a 240 W solar panel and eight 6 V auxiliary AGM batteries
- Expansive galley features an induction cooktop and instant hot water system
- Diesel powered water heater and furnace combination
- Panoramic windows from front to rear
