Why Sunstar?

- Six family-friendly floorplans
- Ultraleather™ swivel cab seats (leatherette 26HE, 31KE)
- MCD roller shades
- LED ceiling lights (NA 26HE, 31KE)
- Bunk beds (35B)
- Private master bath and guest half bath (35B, 35F)
- Master walk-around queen bed
- Available StudioLoft™ (NA 26HE)
A MOTORHOME FIT FOR YOU

Class A value-seekers have their eyes set on the Itasca Sunstar® for good reason. The new 31KE with a U-shaped dinette, mid-coach HDTV, and walk-around queen bed joins the diverse lineup of six floorplans. As always, the Sunstar is competitive in price, but it blows away the competition in standard features, including MCD roller shades, a powered patio awning, and power mirrors with defrost. We have even added an available StudioLoft™ drop-down bed to most models to provide more sleeping areas for families on the go. With so many options built into Winnebago Industries® legendary quality standards, there is an Itasca Sunstar that will fit your lifestyle and your budget.

RECOGNIZED QUALITY

The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for seventeen consecutive years: Winnebago Industries®.
See how Winnebago Industries takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.

Click on this icon throughout the brochure to link to more information on the web.

The available Comfort Sofa Sleeper (27N, 30T, 35B) quickly converts from a sofa into a comfortable bed that features a self-inflating mattress and pump that automatically gauges mattress pressure to maintain your desired setting.

Enjoy exceptionally comfortable dining in the BenchMark® Full Comfort Dinette (NA 26HE, 31KE) with its premium innerspring seating. The seats tilt up to provide easy access to storage underneath and can easily convert into a comfortable sleeping space.

You can set the level of light and privacy you prefer with the smoothly-retracting MCD Roller Shades.

The available Dash Workstation is the perfect place to plan the next leg of your trip (NA 26HE, 31KE).

The OnePlace® Systems Center lets you check major systems at the touch of a button.
You can create your ideal living space with so many furniture options among six different floorplans. From a sofa/bed to a Comfort Sofa Sleeper (27N, 30T, 35B) to the Extendable Sectional Sofa (35F) to the available pull-down StudioLoft bed (NA 26HE), your lounge can be set up to accommodate a few or many guests. Plus, the Ultraleather™ cab seats (leatherette 26HE, 31KE) swivel around to face the lounge. You can adjust the MCD roller shades and LED ceiling lights to your preferred level of privacy and light.

35B Brownstone with Coffee-Glazed Vienna Maple Cabinetry

Available StudioLoft Bed (NA 26HE)
You’ll enjoy preparing delicious meals or late night snacks in this full-featured galley with its microwave oven, 3-burner range top, and a 2-door refrigerator/freezer (available 4-door refrigerator/freezer 35B, 35F). Most floorplans feature elegant Corian® countertops (laminate in 26HE, 31KE) and full-extension drawer slides ensure plenty of storage space for your cooking supplies. For even more upscale features, add the available Interior Upgrade Package that includes a galley backsplash, range cover, flip-up countertop extension (NA 27N), and two wood sink covers for added prep space.

Full-Extension Drawer Slides

35B Pantry
Although every Sunstar comes with a standard dinette, including a U-shaped dinette in the 31KE, a variety of dining options are available. Whether it’s the BenchMark® full comfort dinette with seats that flip up for easy access to storage underneath (NA 26HE, 31KE) or the 30T with its dining/buffet table and retractable 32” HDTV, there is a dining arrangement to suit your lifestyle.
There are six different floorplans to choose from, and each master bedroom features a walk-around queen bed. Whether you're looking for a private master bathroom with the BIG Shower (35B, 35F), bunk beds for the kids (35B), or a spacious wardrobe (27N, 35B), the Sunstar has the ideal layout for you. A dedicated 110-volt outlet is connected to the available 1,000-watt inverter to provide power without the need for the generator when shoreline power is not available (NA 26HE, 31KE).
Driving is so much more pleasurable thanks to the comfortable, adjustable Ultraleather™ cab seats (leatherette 26HE, 31KE). Plus, the standard Rearview Monitor System and available sideview cameras (NA 26HE, 31KE) are helpful when maneuvering the coach. In addition, your co-pilot will appreciate the available dash workstation as a convenient workspace (NA 26HE, 31KE).
Enjoy your sunny afternoons under the standard powered patio awning, and spend your evenings with the available exterior entertainment center, complete with an AM/FM stereo, a 32" HDTV (27N, 35B, 35F), and speakers.
Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago Industries’ legendary SuperStructure® construction standards. It’s a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

**Fiberglass Roof**
The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

**Rubber Can’t Cut It**
Rubber roofs used by competitors can streak and degrade over time.

**Thermo-Panel® Sidewalls**
By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry’s strongest, most durable and lightweight sidewalls.

**E-Coating**
An electrodeposition coating helps protect critical steel components.

**Embedded Steel**
Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

**Laser-Cut Tubing**
Precision laser cutters create precision joints in structural steel that are stronger and require less welding.

**Interlocking Joints**
Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

**Solid Framework**
Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**Rubber Can’t Cut It**
Rubber roofs used by competitors can streak and degrade over time.

**Solid Framework**
Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.
**TESTING**  Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

**DETAILS**  At Winnebago Industries, we treat the features you can’t see with the same care as the ones you can. Look in the access panels of some of our competitors’ coaches and you’ll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

**BUILT IN-HOUSE**  We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

- 26” HDTV w/cable wall input (35B)

**Galley**
- Corian® countertops (NA 26HE, 31KE)
- Laminate countertops (26HE, 31KE)
- 2-door refrigerator/freezer (26HE, 31KE)
- 3-burner range top w/storage below (27N, 30T, 35B, 35F)
- Vented range hood (26HE, 31KE, 30T)
- Optional Equipment
  - 3-burner range w/oven (27N, 35B, 35F)
  - Microwave oven (26HE, 31KE, 30T)
  - Microwave oven w/range fan (27N, 35B, 35F)
  - Microwave/convection oven (30T)
  - 4-door refrigerator/freezer w/icemaker (35B, 35F)

**Optional Equipment**
- Texture glass shower door (35B, 35F)
- Skylight

**Exterior**
- Premium taupe-colored high-gloss sidewall skin
- Automatic entrance door steps
- Powered patio awning
- Mud flaps
- Porch light
- Lighted storage compartments (in select compartments)
- Ladder (NA 26HE, 31KE)
- Optional Equipment
  - Lower front protective mask (w/full-body paint only)
  - Entertainment Center AM/FM stereo, CD player, remote, AC duplex, DC receptacle, removable TV table, speakers and lockable compartment (30T)
  - Entertainment Center 32” HDTV w/remote, AM/FM stereo w/DVD player w/remote, speakers (27N, 35B, 35F)

**Optional Equipment**
- Battery disconnect system (chassis) (NA 26HE, 31KE)
- Battery disconnect system (coach)
- Automatic dual-battery charge control
- Auxiliary start circuit
- Optional Equipment 1,000-watt AC/DC inverter w/remote panel (NA 26HE, 31KE)

**Electrical System**
- AC/DC load center, 45-amp. converter/charger (26HE, 31KE, 27N, 30T)
- AC/DC electrical distribution system, 45-amp. converter/charger (35B, 35F)
- 30-amp. power cord (26HE, 31KE, 27N, 30T)
- 50-amp. power cord, shoreline/generator automatic changeover switch (35B, 35F)
- PowerLine® Energy Management System (27N, 35B, 35F)
- 4,000-watt Cummins Onan® MicroQuiet™ gas generator (26HE, 31KE, 27N, 30T)
- 5,500-watt Cummins Onan Marquis Gold™ gas generator (35B, 35F)
- Two deep-cycle Group 24 batteries
- Battery disconnect system (chassis) (NA 26HE, 31KE)
- Battery disconnect system (coach)

**Safety**
- Child seat tether anchor (forward facing dinette seat)
- LP, smoke and carbon monoxide detectors
- 10 BC fire extinguisher
- Ground fault interrupter
- High-mount brake lamp

**Warranty**
- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile limited warranty on structure
- 10-year limited parts and labor warranty on roof skin

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.

2. The floorplans feature a wide-body design – over 96”. In making your purchase decision, you should confirm the road usage laws in the states of interest to you.

3. The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

5. Capacities shown are tank manufacturer’s listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling for safety. Slight capacity variations can result due to installation applications.

6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.

7. See separate chassis warranty.

8. See your dealer for complete warranty information.

9. Warranty coverage varies and is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.

10. Warranty coverage varies and is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.
