

Adventurer

WINNEBAGO

Why Adventurer?

- Corian® countertops and mosaic tile backsplash
- Powered king bed (37F, 38Q)
- Infotainment Center with Rand McNally RV GPS and dual touchscreen monitors
- Blu-ray™ Home Theater Sound System
- TrueAir® maximum comfort air conditioning
- Powered patio awning with LED lighting
- Motoraid supplemental hot water and heating system
- Available 100-watt solar panel/battery charger

On the Cover: 38Q Sandstone Full-Body Paint

38Q Mirage with Glazed Java Cabinetry

The Top of its Class

Who says you can't get the comfort and quality of a diesel-pusher in the convenience and affordability of a Class A gas coach? The Winnebago Adventurer® begs to differ. Each of its four floorplans is loaded with upscale amenities such as Ultraleather™ cab seats, Corian® galley and bath countertops,

MCD solar/blackout roller shades, and an elegant glazed finish on the woodwork. The exterior gets the royal treatment with six new full-body color schemes and stylized aluminum wheels. Hit the road in a Winnebago Adventurer and enjoy the best of what a Class A gas coach has to offer.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

38Q Mirage with Glazed Java Cabinetry

Whether your floorplan includes the inLounge™, the extendable sectional sofa, or the Rest Easy® sofa, you will have plenty of room to stretch out and enjoy the large HDTV and the Blu-ray™ Home Theater Sound System. MCD solar/blackout roller shades look great and give you total control of the sunlight and privacy. Even the hottest afternoons are no match for the TrueAir® maximum comfort air conditioning. It's powered by a 5,500-watt Cummins Onan® Marquis Gold™ generator with the Energy Command™ automatic generator start system so you don't have to worry about blown fuses or lost power.

The galley welcomes you with high-gloss Corian® solid-surface countertops, matching sink and range covers, and a decorative backsplash. The microwave/convection oven saves space without limiting your cooking options. Top it off with a stunning French door refrigerator/freezer in the 38Q (available 37F) and you have a galley that is truly its own showpiece.

Once you've slept in a king bed, you will never want to go back, which is why we've made it standard in every floorplan. We've taken it a step further in the 37F and 38Q by including a powered king bed with an Ideal Rest® Natural Reserve digital comfort control mattress (available in the 32D and 35P). Select the 37F for a private master bath and the Winnebago-exclusive BIG Shower.

Dash

The re-designed dash is highlighted by the Infotainment Center with Rand McNally RV GPS. Its 10.4" touch screen lets you easily navigate through features such as CD/DVD player, SiriusXM™ satellite radio (subscription not included), iPad®/iPhone® connectivity, Bluetooth™ for hands free calling and audio streaming, and more. Enjoy the ride or your time at the campground in swivel Ultraleather cab seats. A dash workstation even turns the cab into a mobile office.

Want to be the center of attention? The Adventurer sports six new full-body color schemes and stylized aluminum wheels that are sure to get noticed. Hydraulic leveling jacks have controls in three different locations so you can level the coach at your convenience. A powered patio awning with LED lighting and an available exterior entertainment center with an HDTV make your time outdoors even more enjoyable.

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

**SUPER
STRUCTURE**
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

 Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago motorhome.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Call (641) 585-6936 or (800) 643-4892 or visit us online at WinnebagoInd.com/company/visit for more information.

Click here to explore this floorplan's web page.

32D

This one-of-a-kind floorplan features an inLounge™ with the movable inTable™. Extra amenities you will enjoy include a fireplace, an available washer and dryer, and your choice of a king or queen bed.

Click here to explore this floorplan's web page.

35P

The full-wall slide makes way for popular space-saving features such as an Ultraleather™ Rest Easy® sofa and BenchMark® dinette. The abundant storage space includes a large wardrobe and chest of drawers beside the king bed.

Click here to explore this floorplan's web page.

37F

The Rest Easy sofa, Euro recliner, and swivel cab seats are wrapped in soft Ultraleather. This floorplan offers one of our largest bedrooms, which is adjacent to a private master bath featuring our coveted BIG Shower.

Click here to explore this floorplan's web page.

38Q

Relax in the ultimate lounge featuring a Rest Easy extendable sectional sofa, Euro recliner, large HDTV, and a fireplace. The Glide & Dine dining table and a powered king bed round out this impressive triple-slideout floorplan.

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Floorplans feature a wide-body design - over 96" In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome. Measurements are based on the most recent information available. See your dealer for specifications.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.
