COMPUTER-BALANCED  
DRIVESHAFT

JRIDE JRIDE PLUS

Ensures smooth and efficient power transfer to the wheels

## BILSTEIN® SHOCK ABSORBERS

JRIDE JRIDE PLUS

Feature a unique monotube gas-pressure design that provides optimum ride quality and vehicle control; Bilstein shock absorbers last 2-3 times longer than the conventional twin-tube piston and are found in many high-end luxury vehicles

STANDARD FRONT AND REAR  
STABILIZER BARS

JRIDE JRIDE PLUS

Reduce the body roll of a vehicle during fast cornering or over road irregularities

HEAVY-DUTY FRONT  
STABILIZER BAR

JRIDE PLUS

With the addition of a larger bar and polyurethane bushings, power transfers faster than standard rubber bushings, which provides even more support and stability for easier handling

## JOUNCE BUMPERS

JRIDE JRIDE PLUS

Assist during extreme road occurrences to absorb impact and dampen excess road noise and vibration

\*Each model contains different JRide components. Visit [Jayco.com](http://Jayco.com) for more information.

**Gross Vehicle Weight Rating (GVWR):** The maximum permissible weight of the motorhome, including the Unloaded Vehicle Weight (UVW) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the Cargo Carrying Capacity.

**Gross Combined Weight Rating (GCWR):** The maximum allowable combined weight of the motorhome used as a tow vehicle and the attached towed vehicle.

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements.
