ALLEGRO BREEZE

THROW THE ROAD A CURVE.

Compact on the outside, luxurious on the inside and easygoing behind the wheel. That's the 2017 Tiffin Allegro Breeze, the smallest Class A diesel pusher on the road today. True to its name, this sporty coach is easy to drive, handling more like a full-size SUV than a full-size RV. From top to bottom, it's a masterpiece of spatial engineering, designed with the same attention to luxurious comfort found on our larger, more expensive coaches. It may be our smallest model but the Breeze delivers big in every way.

SHOWN 32 BR FLOOR PLAN WITH CORDOVAN CABINETS & RAFFIA INTERIOR

TIFFIN'S POWERGLIDE® CHASSIS

There's an art to engineering a motorhome, as elegantly demonstrated in the Breeze's custom-built PowerGlide chassis. Reflecting decades of Tiffin innovation, the PowerGlide delivers everything an owner could wish for — durability, reliability, performance, and control. Here's a review of its superior features:

CUSTOM-BUILT CUMMINS ENGINE The entire coach is covered by Tiffin's Five-Star Warranty, considered the best in the industry. The PowerGlide chassis carries an additional Tiffin warranty: Three years or 50,000 miles against structural defects in materials and workmanship on the chassis, drive train, and suspension. Five years or 100,000 miles for Cummins ISV5.0 V8 engine, and five years or 200,000 miles on Allison transmission.

1 CUSTOM-BUILT CUMMINS ENGINE

Powering the Breeze's energetic ride is an assertive Cummins ISV5.0 V8, the result of a three-year collaboration between Tiffin and Cummins. Designed, developed, and tested on the Breeze PowerGlide chassis, the ISV5.0 exceeds traditional diesel engines in durability, reliability, and performance. Extraordinarily quiet, it delivers impressive horsepower and torque, with a towing capacity of up to 4,500 lb.

2 PRECISIONTRACK™ TECHNOLOGY

The name says it all. The Breeze's easier maneuvering and quicker cornering is enhanced by Tiffin's PrecisionTrack technology, which merges independent front suspension with an air ride system. Each wheel is engineered to continually adjust to changing road conditions.

3 MULTIPLEX WIRING

Typically, the electrical system of a Class A coach is incredibly complex. Not so in the PowerGlide. Our chassis uses an innovative multiplex system that requires significantly less wiring. Fewer wires. Fewer problems.

4 EXTRA STORAGE

As a diesel pusher, the Breeze's engine is at the rear of the coach. This chassis design opens up additional room for much-appreciated under-coach storage and a more spacious driver's cab.

5 EASIER SERVICE

Having the Tiffin name on the Breeze from top to bottom means one-stop service for coach and chassis. It doesn't get easier than that.

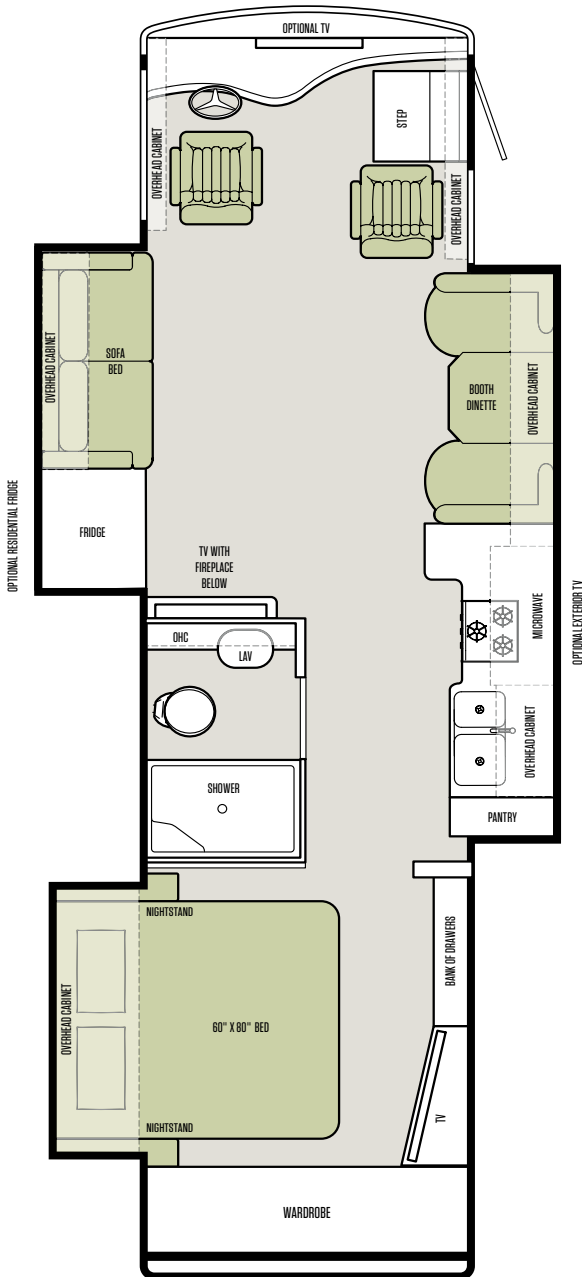

6 FUEL EFFICIENCY

When it comes to fuel economy, size matters. The Breeze's smaller size and aerodynamic silhouette produce gas mileage that larger coaches can only dream about.

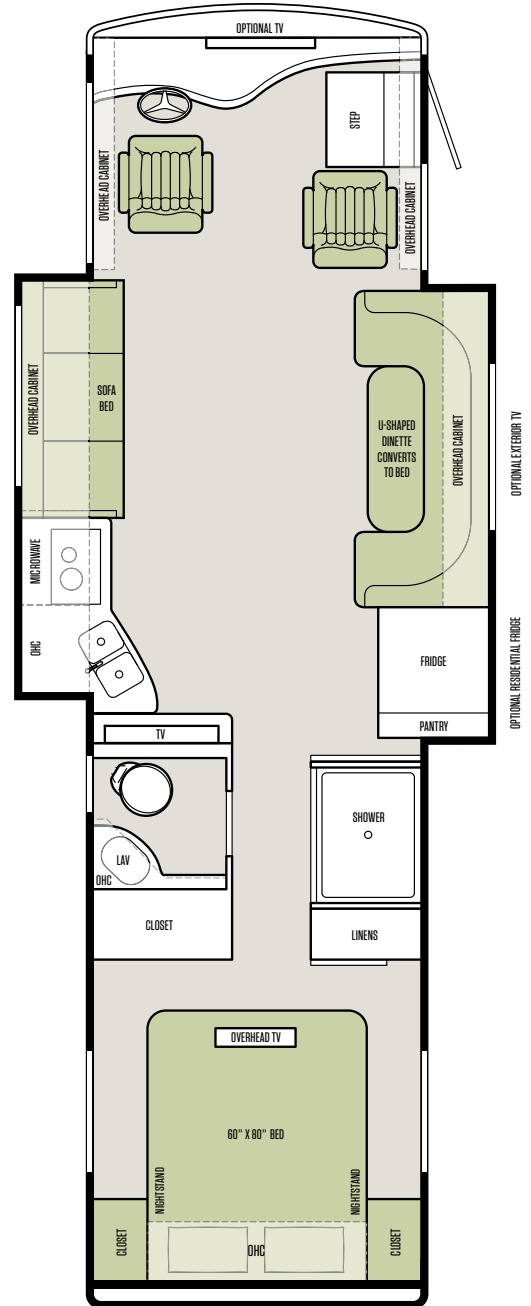

FLOOR PLANS

Thoughtful in every detail
and in every dimension.

31 BR

32 BR

The design of every Tiffin floor plan must meet four essential criteria:
Maximum space. **Optimal organization.** **Relaxation plus.** **Elegant atmosphere.**
MORE plans offer your family the most comfortable layout for life on the road.

INTERIOR DÉCOR

Now it's time to personalize your coach.

1

Start with our handcrafted hardwood cabinetry available in your choice of luxury finishes: Cordovan, English Chestnut or Mocha.

 - Roof Vent Fan

The 2017 Allegro Breeze features these Tiffin innovations:

A game-changer in RV design, these slide-outs are built as seamless fiberglass units, offering superior protection from the elements. Virtually undetectable when closed.

This Tiffin coach will surpass a competitor's model of equivalent size in the quantity and quality of storage.

The design of every Tiffin floor plan must meet four essential criteria: Maximum space. Optimal organization. Relaxation plus. Elegant atmosphere.

A Tiffin innovation, this technology merges independent front suspension with an air ride system for smooth, easy handling.

The Breeze is Tiffin-built from top to bottom, and we stand behind every square inch.

A showcase of innovative engineering, the Breeze is built on a Tiffin PowerGlide chassis seamlessly integrated into the coach body. Reflecting decades of Tiffin expertise, our chassis delivers everything an owner could wish for — durability, reliability, performance, and control. (Or as Bob says, “Nothing rides and drives like a PowerGlide.”) By investing the time and effort to build things right, we want you to have the utmost confidence in your Tiffin coach and to enjoy a peace of mind you won’t find with other manufacturers.

The five benefits of our Five-Star Warranty:

★ **10**
YEAR
CONSTRUCTION
WARRANTY

The structural integrity of the welded frame of entire coach is warranted for 10 years.

★ **5**
YEAR
DELAMINATION
WARRANTY

We guarantee against all exterior fiberglass delamination or wall separation for 5 years.

★ **1**
YEAR
COMPREHENSIVE
WARRANTY

Your coach is warranted against defects in materials and workmanship for 12 months, or 12,000 miles of use.

★ **1**
YEAR
COACH ROADSIDE
SERVICES

Available through Coach-Net, the country's largest RV emergency road service, this program provides 24/7 access to responsive roadside and technical assistance.

★ **ONGOING
OWNER
SUPPORT**

No other motorhome company can compare with Tiffin's exceptional customer service.
