GVWR (Gross Vehicle Weight Rating): The maximum permissible weight of the unit, including the unloaded vehicle weight (UVW) plus all fluids, cargo, optional equipment, and accessories. For safety and product performance, do not exceed the GVWR.

GCWR (Gross Combined Weight Rating): The maximum total weight of the loaded unit, plus a tow vehicle. This includes the weight of both the unit and tow vehicle, fuel for each, all other fluids, cargo, occupants, optional equipment, and accessories.

Important Note: All capacities are approximate, and all dimensions are nominal. Sportscoach motorhomes are designed to allow for a wide variety of uses, extended trips with two people, or short trips with multiple people. Accordingly, each unit allows ample room for sleeping, seating, fluids, and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo, load, and tow vehicle without exceeding the chassis weight capabilities. Consumer may need additional braking capacity to tow loads greater than 1,000 pounds.

Seat belts should always be worn for passenger safety. Seat belts are provided at most locations to allow convenience in selecting which

seat to occupy. However, it is not intended that all seating positions equipped with a seat belt may be occupied while the vehicle is in motion, without regard to other weight factors.

All Sportscoach motorhomes are designed to ensure that the number of passengers allowed while the vehicle is in motion will always at least equal the stated sleeping capacity. Though extra seat belts may be provided, for your safety and the proper operation of your vehicle, limit your passengers to the number allowed by the Net Carrying Capacity of your vehicle.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Sportscoach reserves the right to make all such changes without notice, including prices, colors, materials, equipment, and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Sportscoach dealer and confirm the existence of any materials, design, or specifications that are material to your purchase decision.

FREE One-Year Membership - Coachmen Owners Association!

Sportscoach is proud to sponsor the largest manufacturer-sponsored camping club in North America ... Coachmen Owners Association (COA). COA provides you a world of ways to enjoy your RV. This is **FUN ON OVERDRIVE** and provides: Free Trip Routing, Exciting Tours & Rallies, Free Campground Directory, Local/State Club Activities, Easy RVing Magazine Free, Theme Park Discounts, Fuel Discounts, Free onebigplanet® Memberships with discounts at 180,000 merchants, and Much More!

Every new Coachmen RV buyer is eligible for a 1-Year FREE membership in the Coachmen Owners Association. It all adds up to an easy ownership experience!

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible because of the following reasons:

1. Forest River, Inc. dealers are independently owned and operated businesses, so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
2. Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
3. Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian dealer is a professional at meeting these requirements.
4. Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

Travel Easy™ Roadside Assistance!

RVing is easier with Sportscoach's Travel Easy™ Roadside Assistance provided FREE the first year of ownership to those who purchase a New Coachmen RV. Administered by Coach-Net, this service provides you with 24/7 operational, technical and emergency road service coverage. Also

included is towing, fuel delivery, jump starts, lockout service, tire changes, mobile mechanic, and unlimited technical assistance. Anywhere. Anytime. Travel Easy™ is the security of knowing that help is an easy phone call away.

SPORTSCOACH

THE COACHMEN ADVANTAGE

What is the Coachmen advantage? It's the collection of unique features offered in a Coachmen motorhome to ensure a smoother ride, a better camping experience, and a motorhome that will last for years.

1. NOBLE SELECT™

Protected by a three-year warranty, these sidewalls have a high-gloss gelcoat finish to prevent fading. They are also 20% lighter than wood substrate sidewalls, provide more occupant cargo carrying capacity, and offer three times the insulation against extreme climates.

2. AZDEL™ COMPOSITE

Most manufacturers use wood sidewalls that can expand, swell, and eventually mold. We use Azdel. It's impervious to water, won't rot or mold, and, with less than a 1% chance of delaminating, it ensures the long-term integrity of the sidewalls.

3. REINFORCED LAMINATION

We vacuum bond and pinch roll every sidewall and floor, then perform a pull adhesion test. Most manufacturers just do one process or the other, but by doing both we improve the strength and longevity of the sidewalls.

4. ELONGATED WHEELBASE

We offer longer wheelbases than other motorhome manufacturers because that means superior weight distribution. The result? Better handling and a smoother ride that results in less driver fatigue.

5. SITE RITE DASH™

Our dashes are angled 20 degrees forward. This increases the line of sight for the driver, and offers the best road visibility on the market.

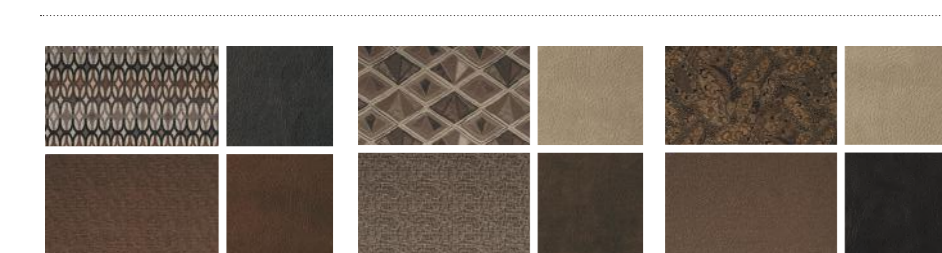

6. EVEN COOL DUCT™

Our patented duct system evenly disperses air through the whole coach. And we use Amaco ducting instead of Styrofoam because it's antimicrobial, preventing the growth of bacteria and ensuring a cool, clean coach in even scorching heat.

7. DIGITAL OWNER'S MANUAL

Our owner's manuals are easy to access through the Coachmen website or our free app. Supplemented with videos, Power Points, and more, it's got all you need to know about your coach.

EXTERIOR FEATURES

Got a lot of gear? Now it's easy to stow, thanks to the spacious pass-through basement.

LED foglights slice through the gloom and help keep you safe on the road.

The 40" exterior TV lets you enjoy your favorite movies while underneath a canopy of stars.

ADVENTURE LOVERS REJOICE

Some people love the unpredictable. That's the crowd we had in mind when we designed the all-new Sportscoach—a luxury coach that outclasses the competition in style, elegance, and old-fashioned grit.

We started with the interior. From appliances to flooring to furniture, every upgrade was chosen because it perfectly balanced form and function. The interior of the new Sportscoach not only looks great—it's also built to last.

And we didn't stop there. To make sure this coach was truly remarkable, we also upgraded the exterior. With more storage space, attractive paint options, and a sleek aerodynamic design, Sportscoach is built to handle your next big adventure.

Just because you're on the road, it doesn't mean you have to give up a hot, home-cooked meal. The Sportscoach's kitchen offers plenty of space for food preparation, and the countertops and stainless steel sink are easy to clean.

Whether it's your morning breakfast or a nice dinner with a glass of wine, mealtimes are better in our dinette. That's because our new fabric leatherette seats are more comfortable than ever, cushioned with an upgraded foam package.

The new Sportscoach is built for luxury. With our durable, easy-to-clean Emser™ tile flooring, you won't have to worry about staining the interior. And it looks good, too.

WE'VE EVEN SURPRISED OURSELVES

How can so much fit inside an interior that's still this roomy? Good question. The new Sportscoach features:

New high-gloss wood cabinets and doors that are both elegant and durable.

The Axxera dash radio with a 10" screen, which also offers smart phone mirroring to make it easy to manage your apps, music, GPS, and more.

The sleek design of the chef's galley sink and faucet doesn't just look great—it's built from materials that make clean-up a breeze.

With our new self-closing drawer guides, your belongings stay secure during transit on even the most rugged of roads.

MORE STANDARD FEATURES, LESS ORDINARY

Extraordinary adventures deserve an extraordinary Sportscoach. That's why we've built our all-new model with more standard features than ever before. Our deluxe floorplans mean that our designs can go beyond the basic necessities—they can provide all the luxuries and creature comforts of home.

Sure, the salon bunk, located above the dinette and sofa, ensures a sound night's sleep. But what makes it remarkable is that it can also be raised when not in use, allowing you to maximize your interior space.

With a comfortable Serta mattress, a designer headboard, and upscale bedding, you'll never have a bad night's sleep in the Sportscoach's master bedroom. Rest up right for your next big adventure.

How big is the interior of the new Sportscoach? Large enough that the 408DB floorplan offers two full bathrooms. And with plenty of hot water supplied by the dual 10-gallon water heater, Sportscoach offers all the creature comforts of home.

It's a big, messy world out there. But that shouldn't keep you from exploring it. That's why the all-new Sportscoach features a built-in washer and dryer set.

FLOORPLANS

Sportscoach features more spacious, more comfortable floorplan options than ever before.
