21 REASONS
WHY FLEETWOOD IS
AMERICA’S FAVORITE

Mile after mile, decade after decade, more families trust Fleetwood. The open road is our proof. With more Fleetwood motorhomes on the road today than any other manufacturer*, our brand prides itself on building dependable products that help families reconnect one journey at a time — over and over again. At Fleetwood, we constantly redefine value because understanding your every need is just the start to delivering peace-of-mind at every turn.

F-21 Advantage: Fleetwood 21st century engineering, manufacturing, and materials

Fleetwood RV offers a 21st century, industry-leading advantage—a quality construction approach to motorhome engineering, manufacturing and materials. The “F” stands for Fleetwood RV. The “21” stands for 21st century materials and construction techniques. F-21 is demonstrated by 21 key proof points that deliver unique advantages to Fleetwood owners and illustrate the quality for which Fleetwood RV is known industry-wide.

*Based on IHS Automotive, Polk Recreational Vehicles in Operation (RVIO) as of 7/1/13.
PACE ARROW

Fleetwood’s legendary Pace Arrow returns. Together, the Pace Arrow moniker and the Fleetwood name, combine for a level of unrivaled value and unprecedented trust in this Class A Diesel motorhome. Pace Arrow transforms the road into an inviting, spacious home, featuring an 84” interior height, pass-thru storage, and a whopping 90-gal. fuel tank. Hardwood cabinetry and plank-style flooring complete this package.

DISCLAIMERS

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.*

2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.

3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer’s manuals for complete information.

4. Length measured from front bumper to rear bumper (excludes accessories).

5. Excludes safety equipment and awnings.

6. Motor homes feature a body width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

7. Tank manufacturer’s listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

* UVW and OCCC are found on the label containing the federal certification tag in each RV.

** All 2017 REV Recreation Group motorhomes include a limited one year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and is fully transferable for the first 12 months.

FLEETWOOD MOTORHOME ASSOCIATION

As a Fleetwood RV owner, you’re invited to become a member of the Fleetwood Motorhome Association (FMA). Becoming a member is the perfect way to meet other Fleetwood owners who love to travel across America and share in the RV lifestyle. Visit the FMA website at www.fma4fun.org to learn more and join the fun.

CONTACT US

To locate a dealer near you, visit our website at www.fleetwoodrv.com or call 1-800-322-8216. We can also be contacted at Fleetwood RV Customer Relations, P.O. Box 1007, Decatur, IN 46733.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood RV dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood RV has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.
