WINNEBAGO

On the Cover: 59G Bright Silver Deluxe Full-Body Paint

Interior: 59G Bleu with Nocé Cabinetry

All the comfort of home in a compact, efficient package

Based on the powerful, fuel-efficient Ram ProMaster® chassis, the Travato® has been at the forefront of the Camper Van revolution since its introduction. Elevating the Travato to another level is the addition of the Pure³ Energy Management System in the 59GL and 59KL floorplans. This advanced lithium technology outperforms the competition and offers an impressive 48-volt system that delivers seamless

operation, power, reliability, and sustainability. Enhanced with premium features such as Corian® countertops, dual-pane acrylic windows, and the energy-saving Truma Combi™ Eco Plus Heating System, the Travato is better than ever. Thanks to significantly upgraded standard features like an expandable solar system and new interior décor colorways, you can tailor the Travato to suit your needs.

FEATURED WINNEBAGO TRAVELERS

When **James and Stef Adinaro** first took up RVing in 2010, their initial goal was to enjoy a more comfortable base camp at bicycle races and other events they attended.

Not only did they fall in love with the RV lifestyle, they've made careers out of it. On a mission to raise awareness among RVers about the importance of exercise and healthy eating, the Adinaros launched their website, TheFitRV.com in 2013.

Learn more about their travels on WinnebagoLife.com, where you'll find hundreds of other great stories, reviews, how-to articles, videos, and much more from GoLife's outstanding team of contributors.
