2020 ALLEGRO BUS

UNMATCHED ELEGANCE

A premium coach with livable style, the luxurious Allegro Bus[®] is for those who appreciate the finer things in their home away from home. On the road, this elegant coach is the perfect traveling companion, offering a quiet controlled ride, a driver's oriented cockpit, and a generous towing capacity. Off the beaten path, it becomes a haven of upscale residential living, complete with spacious interiors, high-end amenities, and exquisite design details. Many of these luxuries are Tiffin exclusives, including handcrafted hardwood cabinetry, dual-pane insulated windows, and the powerful, Tiffin-built PowerGlide[®] chassis.

Main Living Area

Luxury is the décor of choice in the spacious living area, with the upscale comforts of high-end furniture, LED lighting fixtures, designer fabrics and finishes, and the option of heated floors. Entertainment needs are well-addressed, with a surround sound system and four onboard HDTVs, equipped to display programming from various sources.

40 IP with Linen cabinets, Tempest décor;
45 OPP with Sterling cabinets, Tempest décor.

Tiffin-crafted solid hardwood cabinets, drawers, and closets add more storage than many larger-sized models.

Top to bottom: Kitchen Expand-an-island; Kitchen Storage; Theater Seats.
To learn more about all of our décor and floor plan options, visit tiffinmotorhomes.com.

Master Suite

The master suite is a haven of comfort and convenience. With a plush innerspring mattress and double-paned insulated windows, peaceful, quiet rest is all but guaranteed; while the bedside, entry lock control switch, and optional egress exit window behind the headboard (not pictured) offer peace of mind. Choose between the impressively spacious en suite residential-style bath or the bath-and-a-half floor plan, which offers a midsection lavatory for guests, and a private bath for you.

King Bed, 40 IP with Linen cabinets, Tempest décor.

Top to bottom: Bedroom storage; Bathroom Vanity; Wardrobe.

The cool brightness of LED lighting illuminates interiors, using a fraction of the energy of incandescent bulbs to preserve the coach's battery life.

There's an art to engineering a motorhome, as elegantly demonstrated in the custom-built PowerGlide chassis, exclusively from Tiffin. Reflecting decades of innovation, the PowerGlide delivers everything an owner could wish for – durability, reliability, performance, and control.

MULTIPLEX WIRING WITH DIAGNOSTICS

The PowerGlide's multiplexed electrical system, with auto-reset fuses and relays, uses less wiring and increases reliability, efficiency, and flexibility.

DYNAMOMETER TESTING

Our dynamometer testing simulates full power road testing, enabling us to better assess engine performance, cooling system function, and instrumentation.

POWERGLIDE CHASSIS WARRANTY

The PowerGlide carries a Tiffin-backed limited warranty for three years or 50,000 miles against defects in materials and workmanship.

HUCK-BOLTED CONSTRUCTION

Huck Bolts are precision engineered two-piece fasteners. Huck Bolts are vibration resistant and provide direct metal to metal contact when installed.

Premium Paint System

Our eight-step full-body paint system features premium grade paints sealed with three layers of superclear coat with ultraviolet protection. An additional layer of scratch-resistant plastic coating protects the front of the coach, stairwell, and entry door lock.
