HOLIDAY RAMBLER

Blaze New Trails

When it comes to the 2020 Navigator, there's no better way to travel. Pack up and go in one of these luxury Class A Diesels and you'll never be left wanting thanks to the Whirlpool® appliances, Villa furniture styling, and hand-laid composite tile flooring featured inside. Plus, with more standards than ever before, Ramblers will find a 7" color touchscreen Illumaplex system, Velvac® side mirror blind spot detection, a 100w solar panel, and more. Navigator brings three totally new décor interiors to choose from in 2020 and MCD window shades with a slight shade of color to feel like home.

All-new exterior graphics and color palettes in four stunning designs are sure to turn heads for 2020.

From the front to the back, the Navigator leaves no detail out. Drivers will find a digital automotive-inspired cockpit with dual monitors, chefs will find an induction cooktop, and all passengers sleeping in the master suite will enjoy an articulating bed. Best of all, it's all built on the tough Titan Bridge Platform, so you can have your cake and eat it, too.

NAVIGATOR 38N
BRISK GRAPHICS

Holiday Rambler and Freightliner Custom Chassis have teamed up to bring you the ultimate in luxury, power and performance. Introducing the newly re-engineered Titan Bridge foundation.

Titan Bridge foundation combines the unrivaled strength and storage capacity of Holiday Rambler's exclusive modular design with the high-performance innovation of a Freightliner chassis—all backed by the nation's largest service support network. The new Titan Bridge brings performance and peace of mind together, perfectly.

Titan Bridge XCM is the foundation for the Navigator Holiday Rambler model.

A STRONGER, LIGHTER FRAME FOR SUPERIOR STRENGTH, CAPACITY AND PERFORMANCE.

NAVIGATOR TITAN BRIDGE
340hp

Rated up to 21,000 lbs., V-Ride allows for more luxury amenities, additional cargo capacity and superior roll stability.

Increased Storage: Oversized pass-through storage re-engineered with slide rails integrated into the floor, creating more storage space and easier access.

OptiView is the RV industry's first LED instrument cluster, featuring bright, clear graphics, colors and menus. 360-degree camera system capability, Bluetooth® connectivity and on-demand operation add convenience and control.

DriveTech's ergonomically-designed steering wheel and easy-to-reach, column-mounted controls turn piloting your RV into a driver-friendly automotive experience.
See page 19 for more information about DriveTech.

Huckbolts®: Aerospace-grade, vibration-resistant fasteners for unrivaled strength and reliability.

Wedge Tank Design: Wedge-shaped holding tanks ensure thorough drainage of black and grey water.

ADDITIONAL FEATURES

A Premium SACHS® Shocks increase comfort, safety and dependability. **B I-Beam Construction** achieves a torsion rating that is 30% higher than the competition. **C Dual-Side Fuel Fills** provide high-flow access to the 100-gallon fuel tank from either side of the RV. **D Impressive Towing Capacity** with integrated receiver hitch ratings of 10,000 lbs., offering a wide range of towing capabilities.* **E Central Protective Raceway** houses air, hydraulic and electrical lines while providing easy access. **F Michelin® Tires w/Polished Aluminum Wheels** give you on-the-road performance and let you arrive in style.

Maximized Flooring Strength: Double-thick flooring effectively deadens exterior noise and increases durability.

RV Ownercare:
Limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry's most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge.
Chassis Warranty provided by Freightliner Custom Chassis Corporation

NAVIGATOR FLOORPLANS

The Navigator's well thought-out versatile living space and storage on all four floorplans is impressive. What floorplans fits you and your families traveling needs?

Navigator offers residential living style without compromising. Whether you are entertaining, cooking or just sitting back and relaxing you can do it all care free in this full-scale luxury class A motorhome. A dishwasher is an optional upgrade or increase your sleeping space by adding the optional Hide-A-Loft™ Queen Bed with 500lb capacity to any floorplan.

Villa stylized furniture is beautiful and functional especially the upgraded theatre seating option on the 37R, 38N and 38K floorplans. The expandable L-shape sofa is great for families to cozy up and watch a movie when the weather isn't cooperating, available on the 37R and 38F floorplans. Standard on every Navigator are washer and dryer units to keep up with the laundry while on the road and cedar lined rear wardrobe closets are also standard on all floorplans.

The 38N offers bunk beds that converts into a wardrobe when the extra sleeping quarters are not needed with trendy barn doors added for 2020 to close-up the space when you want to tidy up. The 38F has a sofa with a sleeper option for extra guests and both the 37R and 38F come standard with a just-like home swivel glide recliner.

With any of the four floorplans, you can opt for the tech package to boost your connectivity. Or, sit back and enjoy the exterior entertainment center with its 40" LED TV and soundbar all standard. But, no matter how you choose to travel, Navigator owners will enjoy premiums like, a new ceiling treatment with LED lights, a Freightliner OptiView® digital dash in the cockpit, generous pass-through storage.

NAVIGATOR TOP FEATURES

RENEWABLE SAFE POWER
Each Endeavor comes standard with 100w roof solar panel. You may add a 265w solar panel by upgrading with the Technology Package*.

WIFI RANGER™ SKY4 DC
Boost a weak signal to get online in no time with this private secure Wi-Fi booster.

WIFI RANGER™ SKY4 PROPACK w/LTE (UPGRADE)
Upgrade to this cellular internet modem with GPS and a WeBoost cellular booster. Included in the Technology Package* upgrade on Navigator.

- *TECHNOLOGY PACKAGE INCLUDES (UPGRADE)**
- Wi-Fi Ranger™ Sky4 ProPack w/LTE
 - WeBoost Cell Booster
 - Mobileye Collision Mitigation
 - 265 Watt Solar Panel

ON-DEMAND WATER HEATER® (STANDARD)
Provides continuous hot water and is a much more efficient alternative to tank style water heaters.

FIRST-CLASS AMENITIES (STANDARD)
Relax in style residential-inspired Villa furniture with elegant look, feel and style. All the comforts of home with appliances by Whirlpool®, deep galley sink and upgraded pocket doors.

BLIND SPOT DETECTION (STANDARD)
Ensure smart, safe driving with Velvac® blind-spot upgraded mirrors for your Navigator. A safety feature, where a light will illuminate on the side mirror if an object is in the blind spot ensuring safe travels. Mirrors are power, heated, remote with turn signals and side cameras.

The 2020 Navigator is equipped with DriveTech which rolls together Freightliner’s latest innovations—like the OptiView all-digital LCD dash display, and FCCC’s all-new ergonomic steering wheel and column-mounted controls—into one comfortable, easy-to-use driver console.

FEATURES

A OPTIVIEW® ALL-DIGITAL INSTRUMENT CLUSTER

Designed in collaboration with Mercedes-Benz®, OptiView features a bright, anti-glare display and an easy-to-read interface with clear fonts, colors and menu structure.

- Bluetooth mobile connectivity provides hands-free operation through easy-to-reach controls. If a warning occurs during a call, the warning takes priority over the contact’s profile photo in the top center.
- Tire Pressure Monitoring System shows pressure of each tire and triggers alerts for low pressure, high pressure or leaks—even for tires on a trailer or tow vehicle. (optional)

B OPTIVIEW INSTRUMENT CONTROLS

Accesses an extensive menu of coach data, including fuel economy, performance settings, vehicle and internal diagnostics, transmission prognostics and system information. Also allows customization of OptiView gauges.

C LEFT HAND COLUMN CONTROLS

Commands all standard operations for safe driving, including windshield wipers, headlights and turn signals, consistent with an automotive experience.

D RIGHT HAND COLUMN CONTROLS

The transmission and engine brake are controlled using less distracting, easy-to-reach column controls versus traditional shifter pads.

- Transmission – Easily transitions between Neutral, Drive and Reverse gears — with integrated automatic or manual gear selection. To manually shift, push down to get into manual mode – then pull up to cycle through each gear. When you reach 5th gear, another shift will return back to Auto Drive.
- Driving Mode – While on the road, you can effortlessly toggle the transmission from performance to economy mode.
- Engine Brake – Higher and lower settings can be selected by moving the paddle up or down.

PRIORITIZING DRIVER SAFETY
A recent study reported that 80% of collisions and 65% of near collisions involved some form of driver distraction, often from using electronic devices while driving. DriveTech prioritizes driver safety by streamlining and simplifying controls to help drivers focus their full attention on maneuvering and piloting the coach.

DISCLAIMER

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity*.
2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
3. GCWR (Gross Combined Weight Rating) is the value specified by the motorhome manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different. Refer to Holiday Rambler and chassis manufacturer’s manuals for complete information.
4. Length measured from front bumper to rear bumper (excludes accessories).
5. Excludes safety equipment and awnings.
6. Motorhomes feature a body width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
7. Tank manufacturer’s listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

* The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

* UVW and OCCC are found on the label containing the federal certification tag in each RV.

** The Minimum Towable Load of this vehicle is the available weight capacity, up to GCWR, when the coach is fully loaded to maximum GVWR. However, if the coach is loaded to something less than maximum GVWR, that extra available weight capacity can be added to your Towable Load. For example, if your coach is loaded to 1000lbs less than maximum GVWR, your Towable Load increases accordingly. Do not exceed the hitch rating weight, GVWR or GCWR.

** Seatbelts and locations are shown in the brochure for display purposes only. Actual numbers and locations will vary by model.

*** All 2020 REV Recreation Group motorhomes include a limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and is fully transferable for the first 12 months.

OUR VERY OWN HOLIDAY RAMBLER MOTORHOME SERVICE CENTERS

To locate a dealer near you, visit our website at www.holidayrambler.com or call 1-877-252-4666. We can also be contacted at Holiday Rambler Customer Relations, P.O. Box 1007, Decatur, IN 46733.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.holidayrambler.com or contact your local Holiday Rambler dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Holiday Rambler has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.
