

For our gas chassis, we take the Ford<sup>®</sup> drivetrain and create a solid platform to build on. The result is enhanced balance and control, as well as the strength to carry more weight. The design also allows for larger pass-through storage.

# **Truss Style Platform Chassis**

The Truss Style Platform puts strength, stability, and reliability front and center. Perfect for trips requiring large carrying capacities, and built to store everything you need with spacious pass-through storage, the Truss Style Platform is the ideal chassis for optimum balance and control — Found on Fleetwood Flair gas motorhomes.

Every new adventure requires a solid foundation. The Truss Style Platform is designed with balance, control, a smooth ride, and ample space in mind, all working together to give you a ride like no other RV can provide.

#### 

Limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry's most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge. Chassis Warranty provided by Ford<sup>®</sup>

Ford

Fleetwood's exclusive Powerlock™ system is integrated into all Fleetwood RV Class A Gas models.\*

At Fleetwood, we don't settle for anything less than the best and neither should you. That is why every Fleetwood features industry-leading materials and construction standards.

# 1 PowerLock System<sup>™</sup> Interlocking Walls, Ceiling

Fleetwood's interlocking aluminum extrusion wall-joint system integrates sidewall and roof assembly into one locked-together overall structure for long-term performance and durability.\*

### **2** Precision Welded Joints

The all aluminum hull structure is engineered and built to precise tolerances and then precision welded to ensure strength and durability on even the roughest road trip.

\*Powerlock^ ${\rm I\!M}$  is integrated into all Fleetwood Class A Gas models, with some exceptions to Flair. See dealer for details.

# At Fleetwood RV, it's not just what you see that matters. It's what you don't.

# **3** Tuff-Coat Fiberglass Walls

Thicker than other manufacturers, our Tuff-Coat fiberglass walls provide a durable skin and is the perfect surface for an automotive style finish.

# 4 Thick Robust Floor

Thicker than the industry standard, Fleetwood engineered the floor for more sound deadening and more insulation which results in a quieter, more comfortable ride no matter the weather or terrain outside.

# **5** Solid Bead-Foam Insulation™

Fleetwood's above-standard insulation material and process doesn't allow settling or air gaps to form. There is no forcing the precision cut insulation into position like the roll-type pink fiberglass insulation used by other manufacturers.

# **6** Loctite<sup>®</sup> Industrial Adhesive

Engineered to meet bonding, sealing and assembly requirements for a durable structure with no de-lamination.

# 7 No Wood Substrate

Unlike most Class A motorhome manufacturers, you won't find any wood substrate on the exterior walls.

# **8** <sup>1</sup>/<sub>2</sub>" Plywood Subfloor

Thicker than most competitors who use OSB or chip board, the integrated  $\frac{1}{2}$ " subfloor provides a solid surface for flooring and eliminates movement and flexing while traveling.

## 9 Vacu-Bond<sup>™</sup> Construction

Fully sealed and weather-resistant, the vacuum-bonded assemblies combine materials and construction for a straight, solid integrated wall that is better suited to withstand the rigors of the road. An adhesive bonding process applies up to 415,000 pounds of vacuum pressure to the welded-aluminum sidewall frame, bead-foam insulation, thick Tuff-Coat fiberglass skin and inner wall materials, far exceeding industry standards.

# **10** CNC Precision Routed Walls and Floors

Computer driven routers precisely route walls and floors to fit exact specifications to eliminate gaps, misalignments and provide for a more solid integrated overall structure.

9

Each of these advantages have been engineered to deliver superior reliability, durability and most of all, customer satisfaction

# EVERYTHING YOU NEED AND MORE.

In Flair, there's no sight that's more inviting than the open road. That's because we've taken everything you'll need on your adventure and included it in this well-thought-out package. The new, larger 7.3 liter 350HP engine will carry you no matter what you have to tow. And with the new all-electronic instrument panel and digital dash, driving your RV becomes even more of a joy.

With exterior comforts like kitchens and TVs, the fun doesn't need to be contained to inside the home. And that's a good thing, because Flair is designed for large groups. All floorplans can easily sleep six, and some can even fit eight. There's even a floorplan that includes two full bathrooms. (32S)

With features in abundance, this Flair is sure to attract attention. Available in five floorplans 28A, 29M, 32S, 34J and 35R.

to, du, when der.

Optional theater seating
Booth dinette storage

3 Just like-home kitchen with residential refrigerator, 3-burner range includes cover and stainless steel over the range microwave, sink covers allowing endless prep workspace when making dinner for the crew 4 Facing booth dinette with dream dinette table that converts to an additional sleeping area

BILSTEIN® STEERING STABILIZER SYSTEM (OPTIONAL) Equip your Flair with this shock absorber system that dampens the bumps and vibrations of the road in the steering system. Bilstein allows for easier control to the front-end steering.

## FLAIR - OUTSTANDING STANDARDS AND OPTIONS

#### BONDED WINDSHIELD

Feel safer with this automotive style curved bonded windshield. This automotive inspired design bonds the windshield along the entire perimeter of the glass. This increases the structural strength and also reduces the risk of stress cracks.

**RENEWABLE SAFE POWER** Each Flair is pre-wired for a solar panel which allows the adding of an after market solar panel.

WIFI RANGER™ SKY4 DC Boost a weak signal to get online in no time with this private secure WiFi booster.

TOUCH PAD ELECTRONICS PANEL Easily operate your RV's systems and accessories with this modern LCD touchscreen control panel. \*NA 28A, 29M

**AUTO GENERATOR START\*** This feature automatically powers the generator if your batteries need to be charged. On 32S, 34J, 35R your A/C needs to turn on and then turns off when they have enough juice or your RV's cooled down. \*NA 28A

\*\*29M varies from what is pictured

Save time and avoid hassle by leveing and stabilizing your RV with the push of a button conveniently located on the dash.

HIDE-A-LOFT™ DROP DOWN BED Invite more guests on your road trip without compromising space with this queen bed, featuring industry-leading headroom and up to 600lb capacity. Standard on all floorplans.

**BLUETOOTH® JENSEN STEREO SYSTEM** Jensen bluetooth coach stereo system located in the master bedroom with the ability to listen to your favorite jams through the exterior units speakers will blast outside the unit.

**OPTIONAL THEATER SEATING** Recline back and enjoy the show or view with additional storage in armrest caddy, built in cupholders. Optional on 28A, 32S, 34J

KING EURO TOP MATTRESS Sleep like royalty in this spacious and luxurious residential style bed with custom headboard. (Shown 35R floorplan)

EXTERIOR 50-INCH LED TV & STEREO Standard on all floorplans so you may extend your living space plus LED lighting on all awnings.

TUFF PLY ENGINEERED VINYL ROOF Protect vourself from the elements with the state-ofthe-art one-piece roof. Constructed out of "Tuff-Ply" or Thermoplastic Poly Olefin which is as tough as it comes and has very low maintenance.

#### DISCLAIMERS

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.

GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different.
Refer to Fleetwood and chassis manufacturer's manuals for complete information.

4. Length measured from front bumper to rear bumper (excludes accessories).

5. Excludes safety equipment and awnings.

6. Motorhomes feature a body width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

7. Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

\* UVW and OCCC are found on the label containing the federal certification tag in each RV.

#### FLEETWOOD MOTORHOME ASSOCIATION

As a Fleetwood RV owner, you're invited to become a member of the Fleetwood Motorhome Association (FMA). Becoming a member is the perfect way to meet other Fleetwood owners who love to travel across America and share in the RV lifestyle. Visit the FMA website at www.fma4fun.org to learn more and join the fun.

#### CONTACT US

To locate a dealer near you, visit our website at www.fleetwoodrv.com or call 1-800-322-8216. We can also be contacted at Fleetwood RV Customer Relations, P.O. Box 1007, Decatur, IN 46733.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www. fleetwoodrv.com or contact your local Fleetwood RV dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood RV has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

# Explore Your World Like Never Before

# About REV Group, Inc.

REV Group® (REVG) is a leading designer, manufacturer, and distributor of specialty vehicles and related aftermarket parts and services. We serve a diversified customer base, primarily in the United States, through three segments: Fire & Emergency, Commercial, and Recreation. We provide customized vehicle solutions for applications, including essential needs for public services (ambulances, fire apparatus, school buses, and transit buses), commercial infrastructure (terminal trucks and industrial sweepers) and consumer leisure (recreational vehicles). Our diverse portfolio is made up of well-established principal vehicle brands, including many of the most recognizable names within their industry. Several of our brands pioneered their specialty vehicle product categories and date back more than 50 years. REV Group trades on the NYSE under the symbol REVG. Investors-REVG
