BROUGHAM

REGENCY RV

First Class Comfort & Freedom

Discerning buyers understand that craftsmanship is more than just a word. True iconic masterpieces are not mass-produced with imitation woods and fabrics that render each a commodity. Instead, each is handcrafted, instilling an individual quality that cannot be duplicated.

Regency RV's select group of highly-skilled professionals design unique and distinctive luxury motorhomes that set them apart from all the cookie-cutter models on the market. Their 50 years of experience in restoring classic American cars and exotic automobiles for buyers worldwide give them a rare perspective in the RV field.

We don't aspire to be the biggest producer of luxury motorhomes, just the best.

WAYNE DAVIS

What can an Regency Adventure Vehicle do for you? The RAV goes places you could never take a traditional RV—giving you the freedom to explore a world far beyond paved highways and packed campgrounds. Whether you're cruising downtown or traveling a lakeside gravel road, an RAV is never out of its element.

Regency Adventure Vehicles are loaded with the all of the latest high tech innovations to make your journeys safe, comfortable, and fun for everyone. So, don't just sit back. Be adventurous—be you—in a Regency Adventure Vehicle.

Relaxing Interior

When it's time to relax after a day of fun, the Ultra Brougham slideout sleeping area has everything covered. Enjoy more living space to move around, kick back in the swivel lounge chairs, or keep cozy in the 68 x 76-inch Murphy bed. The smoky panel glass on the entertainment center allows you to watch TV in the upper or lower position. Interiors, shown here with Oatmeal American Beechwood and Tan Leather Touch upholstery, are handcrafted in Regency RV's cabinet and fabric shops.

Latest Technology

There's no place like home, and in a Regency Adventure Vehicle, you can enjoy all the comforts of home wherever your journeys take you. Each unit is pre-wired for a satellite dish, and features an Omni Directional rooftop antenna. Crank up your favorite music on our state-of-the-art stereo system, or enjoy a night in watching a movie on the 40-inch LED TV with a two-position power lift entertainment center.

The Galley

For gourmet cooking on the go, the Ultra Brougham kitchen makes everything easier. With a full-size cooking area, sink, and fridge, you'll have more than enough space to prepare your after-adventure meals. The slide-away side waste bin and four soft-close storage drawers are handy in any situation. This sturdy slideout pantry is built to last and able to handle up to 125 pounds of food and beverages. The three-way gas/electric refrigerator/freezer, the 30-inch convection/microwave oven and the gas cooktop with an option induction burner are ready for any chef.

4

Lavatory

The full-sized bath in the Ultra Brougham is a refreshing escape while living on the road.

The full sink and vanity has plenty of lighting above, stainless steel sink and large mirrored medicine cabinet, conveniently located next to the wardrobe, drawers and a laundry chute storage to an outside compartment. The large, residential-sized, hammered-glass shower in the MB model with dual slide-doors features two shampoo shelves and a handheld spray head. The large skylight above brings the outside in. The commode is set next to the shower around the corner from the living area.

Storage

Making the most of your adventures requires the right gear, and lots of room to store it. The Ultra Brougham maximizes every available space with ease-of-access in mind. A large rear pass-through storage compartment is available on IB and TB models, as well as 23 cubic-feet of exterior storage capacity—perfect for packing everything you'll need for your next adventure.
