

Innovation meets
diesel efficiency
meets adventure.

ERA

WINNEBAGO

On the Cover: 70A Iridium Silver
Interior: Fusion with Smoke with High Gloss Dark Canvas Cabinetry

Our Original Sprinter B-Van Raises the Bar Again.

Since its launch more than a decade ago, the groundbreaking Winnebago® Era® has become synonymous with luxury travel, with exceptional comfort, stylish good looks and outstanding performance.

Now, the versatile Era brings a new round of innovation to the table, starting with its new Mercedes-Benz® Sprinter chassis. Powered by a fuel-efficient 3-liter, 6-cylinder turbo-diesel engine, the Era incorporates the latest Mercedes-Benz safety and Infotainment features. And for those who prefer the road less traveled, the 4x4 option is engineered to help you tackle off-roading with ease.

Three floorplans offer a variety of seating and sleeping options, each incorporating upscale touches like Corian® countertops, Ultraleather™ furnishings and dimmable LED lighting. The 70A seats four and sleeps up to three; the 70B seats six and sleeps two; and the 70X seats up to seven and sleeps two. Each floorplan includes a fully-equipped galley, wet bath, and well-configured storage options.

Beautiful, functional and fully equipped, the Era galley makes it easy to enjoy your favorite meals virtually anywhere.

The twin beds in the 70A feature Froli® springs for added comfort, and thanks to Winnebago's innovative Flex bed system, convert easily into a spacious queen bed.

Making the most of every square inch of space, the 70A offers a large cargo tray that's easily accessible from inside or outside the coach.

Featuring a movable pedestal table and swivel cab seats for additional seating options, the Era lounge is perfect for relaxing, socializing, or working. Multiple tinted windows offer expansive views; MCD blackout roller shades provide complete privacy when you want it. Set the lighting with the multiplex lighted wall switches or via the Precision Plex app for Android or iOS. When the weather turns, the reliable Truma Combi® Eco Plus heating lets you flex between gas and electric modes, and the new Coleman® Mach® 10 NDQ A/C system stays ultra-quiet while directional vents send cool air throughout the coach.

The three Era floorplans provide a range of sleeping options. The 70A features twin beds with our Flex Bed system and deluxe Froli® springs; the beds flip up to provide access to the slide-out cargo tray. The 70A also includes a convertible sofa/bed up front for an overnight guest. Both the 70B and 70X incorporate a large powered rear sofa/bed, and all bedrooms feature an LED TV so you can settle in for a movie night from the comfort of your bed. The convenient wet bath includes a flexible showerhead, shower curtain, stainless steel sink, removable clothing rod and powered roof vent.

WINNEBAGO

ERA

Exterior

The Era's attractive and sleek exterior is exceptionally functional in camp. Side and rear screen doors let breezes in while keeping bugs out, and the armless patio awning features automatic retraction in windy conditions (or use the Bluetooth® control to operate it remotely). LED porch light and awning lights illuminate your campsite, while the exterior speaker system lets you enjoy your favorite tunes while relaxing outside.

Running boards

The Era's fully adjustable cab seats let you hit the road in comfort. Once underway, take advantage of the advanced Mercedes-Benz safety features, including blind spot monitoring, collision avoidance system, active brake assist, crosswind assist, and headlight assist. The 10" MBUX® touchscreen multimedia infotainment center features navigation, interactive voice interface, Wi-Fi hotspot, and rear color camera monitoring system.

12-month/24,000-mile basic warranty

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
3. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
4. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
5. See separate chassis warranty.
6. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Because features, specifications, equipment, and options may vary from those highlighted in this brochure, the buyer is responsible for confirming with the dealer the features, specifications, equipment, and options included on their specific vehicle. In addition, Winnebago's program of continuous product improvement may result in changes to vehicle specifications, equipment, model availability, and price without notice.
