Renegade VILLAGIO by Renegade

Sophisticated and polished, the Villagio will elevate your journey near or far. This motorhome is crafted with high end details such as solid hardwood cabinets and polished solid surface counter tops. It also has spacious overhead and over cab cabinets to ensure you have plenty of storage so you can bring along all the comforts of home. The Villagio although compact in size is large in details and luxury and doesn't disappoint.

Featured to the right:

Shown here is the 25FWC floor plan with full wall slide. The Sandstone décor gives the coach a fresh and bright feel inside while the queen walk around bed is both functional and comfortable for sleeping. Adding to the stunning décor is the Honey Maple cabinetry and gorgeous solid surface countertop featuring a lighted edge (shown here with the standard LP cooktop).
