THE ULTIMATE TOURING VEHICLE

GALLERIA

By Coachmen

MAKE THE MOST OF ANY SEASON

Galleria's versatility is the key to adventure that takes you from the work week, to spring picnics, summer camp outs, autumn tailgates, to the slopes, coast-to-coast and back again.

Galleria Class B Motorhomes offer the utmost in quality, luxury and value.

It's built on the award winning 3500 Mercedes Sprinter 170 extended platform, and powered by a "Blue TEC" turbo-diesel engine that delivers an impressive 325 ft. lbs. of torque. You can expect excellent fuel economy with one of the cleanest running diesel engines on the road today. As a Certified Green RV, Galleria utilizes effective production techniques, eco-friendly materials, plus efficient usage of energy and water to produce a high

quality RV, with less environmental impact.

INNOVATION AND ADVENTURE

Galleria is built with high end components like the Truma Combi furnace/water heater system, Onan generator, and rich, handcrafted, solid hardwood cabinetry and trim, radius cabinet doors, and soft close drawer guides. We combine useful luxuries, popular amenities and unmistakable style, with an easy to drive Mercedes-Benz Sprinter chassis. Plus, it looks great in your driveway.

Hit the Boondocks! The optional Li₃ lithium battery system quietly powers the air conditioner for up to ten hours on a single charge – without cords or a generator.

COACHMEN RVs HAVE BEEN ON ROADS AND HIGHWAYS SINCE 1964

Coachmen RV is "Dedicated to the enrichment of your life." By providing you with long term value every step of the way, our focus is on producing Recreational Vehicles with superior value, and backing them with exceptional service and support. With over five decades of manufacturing experience and over 600,000 RVs built and sold, we know how to design a reliable RV with exceptional value. Once you become a Coachmen owner, we are committed to enhancing your RV ownership and lifestyle experience... creating friends and memories that will last a lifetime. Coachmen... a proven brand that you can trust.

Spring into the Great Outdoors with Galleria – a versatile RV that's the ideal fit for everyday life.

Let the sunshine in! 24FL's large galley windows offer a great view and plenty of natural light. Cashmere Decor with Maple cabinetry shown.

The 24FL includes an open concept front lounge for easy access. At the push of a button, the motorized rear sofa lays flat, and can be combined with the jump seats to create a large 68" x 76" sleeping area.

24FL POWER SOFA WITH DOUBLE CAPTAINS CHAIRS

GALLERIA 24FL

Mercedes 3500 Ext

Engine	V-6 3.0L	Exterior Height (w/AC)	9' 6"
Horse Power	188	Exterior Length	24' 3"
Torque	325	Tow Capacity (lbs.)	5,000
Wheel Base	170"	Hitch Weight (lbs.)	500
GVWR (lbs.)	11,030	Fuel Capacity (gal.)	24
GCWR (lbs.)	15,250	LP Capacity (gal./lbs.)	9.7/41
UVW (lbs.)	8,946	Fresh Water (gal.)	27
CCC (lbs.)	2,084	Grey Water (gal.)	22
Interior Height	75"	Black Water (gal.)	26
Exterior Width	83"	Awning	13' 1"

Well-organized wardrobe storage.

24FL's 7.3 cu. ft. 12V compressor driven refrigerator with pull-out freezer, and optional Lagun table. (Both are available on 24A, 24FL.)

On the job, or on the go, the versatile, 24A is standard equipped with a desk, or your choice of seating options for friends and family. Travel easy in this popular, pet-friendly Galleria. The optional jump seat converts to junior sleeping area.

Summer time and the living is easy.
Let the good times roll with Galleria

24A REAR BED WITH DOUBLE CAPTAINS CHAIRS

GALLERIA 24A

Mercedes 3500 Ext

Engine	V-6 3.0L	Exterior Height (w/AC)	9' 6"

COACHMEN INTERACTIVE MOBILE MANUALS

Download your Coachmen mobile app or visit our dynamic online manual to enhance your ownership experience.

These interactive options provide incredible ease and insight into use, maintenance and enjoyment of your Coachmen product. Ranging from "How-To" videos, pictures and illustrations of various components, systems and features to fully searchable content and downloadable PDFs for individual component owner's manuals, answers are always just a click away.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - Is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2022 Galleria by Coachmen, a Division of Forest River, Inc., a Berkshire Hathaway company.
