

QUALITY

Winnebago RVs are designed and built around you, with superior craftsmanship, advanced manufacturing technologies and steel-focused construction to enhance safety and reliability.

INNOVATION

From groundbreaking RVs to game-changing features to the spacious floorplans made possible by our SmartSpace™ design, our heritage is unrivaled for continuous industry firsts in vehicle technology and design.

SERVICE

Our carefully chosen dealers are supported by factory training and our advanced parts supply system, while owners benefit from excellent real-world customer support as well as 24/7 access to online technical information.

BELONGING

Winnebago owners are a connected community – some of the friendliest, most knowledgeable and welcoming RVers you'll find anywhere.

WINNEBAGO

SOLIS SERIES

Designed for Adventure

In a world where roles can change by the hour, flexibility is paramount. And when it comes to flexibility, few vehicles can match the remarkable Winnebago® Solis®. Seating up to six, the Solis can easily function as a family car — a car equipped with kitchen, dinette and bathroom. Yet when the time comes, load up your favorite outdoor gear and head out, knowing the versatile Solis is ready for whatever adventure lies around the next bend.

No matter where your road leads you, at the end of the day, simply turn the key off and you're home.

PRACTICAL, MEET VERSATILE

Seating up to six, the Solis easily transitions from a practical family car during the week to a comfortable, self-contained retreat once the weekend arrives.

A HOME FOR YOUR GEAR, TOO

The large gear garage (36A, 59PX) includes a durable L-track storage system that can be customized with mounts and tie-downs to secure bicycles or other gear and cargo.

BRING THE FAMILY, NOT THE TENT

Thanks to its pop-top and Murphy+ bed (or available rear sofa/bed, 59P), the Solis offers generous sleeping space for a family of campers.

WORK REMOTELY – EMPHASIS ON REMOTE

With the Murphy+ bed raised up, the movable pedestal table becomes a workstation-with-a-view for road warriors (59P, 59PX).

SLEEP CLOSER TO THE STARS

A fiberglass pop-top that comfortably sleeps two is optional on the 36B and standard (with option to remove) on the 59P and 59PX floorplans. The 36A features our Murphy+ bed as well as a multi-use dinette that converts to a sofa, daybed or single bed.

Floorplan Shown 59P

We've engineered more into your Solis, so you get the most out of every adventure

1. Versatile lounge living

Swivel cab seats, the adjustable/removable dinette table, and a multitude of storage options let you customize the Solis lounge for dining, relaxing or working from the road.

2. Quiet, efficient heating for chilly nights

The high performance, LP-powered Truma® system provides quiet comfortable heating, all controlled by the temperature set on the digital control panel.

3. Galley with indoor/outdoor functionality

With its forward-facing refrigerator, pullout counter extension, and adjustable exterior table (36A, 36B), the Solis galley is designed to allow easy access from inside or outside the coach.

4. Cross-coach Murphy+ bed

The comfortable, supportive Murphy+ bed (59"x77", 59P, 59PX or 52"x75", 36A) is set to accommodate storage for bicycles or other gear below the bed. On the 36A, removable cushions on the passenger side reveal a countertop surface that's ideal for food prep or as a stand-up workspace.

5. Pop-top sleeping for two

The easily operated pop-top offers panoramic views and provides a restful night's sleep with its innovative, comfortable 51"x75" sleep system, which conforms to your body and allows greater air flow below the mattress (NA 36A).

6. Bathroom

The wet bath in the 59P, 59PX and 36B makes the most of its compact space, with a cassette toilet, flexible showerhead and removable closet rod that provides extra hanging space.

Winnebago's smart design and advanced technology enhance safety on the road, and provide added comfort and convenience in camp.

TAKE A SEAT AND TAKE COMMAND

The fuel-efficient ProMaster® chassis is easy to maneuver, with advanced safety features and an automotive driving experience that will have you feeling right at home.

3 POINT SEATBELTS FOR 4 PASSENGERS

Both dinette seats feature 3-point seatbelts, while the available sofa/bed with child seat tether anchors (59P) boosts seating capacity to six — all with 3-point seatbelts.

POWER WITH INTELLIGENCE

The Winnebago x EcoFlow® 5-in-1 Power Hub Pro (36B) streamlines power management and optimizes energy performance while also saving space and reducing weight.

EASY LIVING

The rear annex extends your living space and can easily be used as an exterior shower space, awning, or clothesline for wet suits, laundry or other items.

FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.
- Sleeping capacity is the maximum based on a specific floorplan.

NA Not Available

What do you need to know before you go?

And how does that cassette toilet work again?

You'll find the answers to these and many more questions in the Solis Video Library, a collection of informative and how-to videos that explains pretty much everything you need to know about the Solis.

From adjusting seats, to operating major systems, to plumbing and electrical basics — it's all here in the Solis Video Library.

Solis Video Library

MEET THE SOLIS POCKET

Winnebago's most affordable camper van, the Solis Pocket® is designed for life on the go, with extended-season capability and flexible floorplans you can customize for relaxing, working, or socializing.

Versatile Living Space

The heart of the Pocket living space is a comfortable dinette that easily changes from dinette to sofa, daybed, love seat, or primary sleeping space for the 36B. Each floorplan also incorporates an adjustable/removable table and swivel cab seats, as well as a multitude of storage options. The 36B's rear wet bath can be transformed into the ultimate mud room after a hard day of adventuring, or used as additional storage space for gear.

Flexible Galley

Offers functionality inside and outside the coach, with exterior table, stainless steel sink, two-burner cooktop and a compressor-driven 3 cu. ft. refrigerator that faces forward for easy access from inside or out.

Cross-Coach Murphy+ Platform Bed

This 36A sleeping space feature is set at a higher point to allow bicycle and other gear storage below the bed using the L-track cargo tie-downs and/or MOLLE panel.

Extended-Season Capability*

The Truma® heating system, extensive proprietary insulation, and interior mounting for the refillable/exchangeable 20-lb. propane cylinder let you camp in comfort when the temperature falls.

Power Up

The available Winnebago® x EcoFlow® Power Kit Pro energy system (36B) combines a compact 5kWh lithium-ion house battery with the exclusive 5-in-1 power management controller to automatically manage inputs - including power from the 190-watt solar panels - charge the battery, and convert and deliver the 12-volt and 110ac power you need.

*Winnebago recommends following the winter use guidelines and winterization procedures outlined in your owner's manual whenever camping in freezing conditions.

MEET THE NEW SOLIS NPF

The Solis® National Park Foundation Limited Edition takes the family-friendly, adventure-ready Solis to a new level with exclusive features to enhance comfort, performance, functionality and style.

SmartSpace™ Overland Drawer System

This durable drawer system provides easy access to gear, and features water resistant surfaces and removable dividers. The passenger-side drawer cover can be raised to use as a comfortable work space or meal prep area, and offers access to the water panel when using the collapsible sink.

Increased Performance

Black stylized performance wheels paired with all-terrain tires let you tackle tougher trails, while the factory-installed SumoSprings® Suspension upgrade improves overall control and ride comfort.

Outdoor-Inspired Style

The NPF edition stands out with its special mountain graphic exterior paint scheme, colorful abstract mountain refrigerator graphic, topographical countertop surface, and surf-to-slope inspired embroidered window coverings.

Ground-Floor Innovation

Innovative padded floor covering increases comfort, provides a non-slip surface that's easy to clean (just shake it out!), and provides an added thermal barrier for chilly mornings.

Blackout Thermal Shades

Cab-window coverings provide near total blackout, and have improved thermal performance.
